OVERVIEW

12|13

POP-UP BOXES

02|03

Our sleek new ergonomically designed pop-up boxes provide real ease of use and rapid connection solutions for mobile applications such as PCs, mobile phones, audio and video systems. Users have a choice of high and low current desk or floor-mounted (raised access or concrete floors) connections for immediate use.

SLEEK DESIGN

Extra-slim format to blend discreetly into the office furniture or floor

ELEGANT FINISHES

Aluminium, bronze, stainless steel, black or white - a perfect match for furniture and decor

SAFETY AND EASE OF USE

Soft opening cover with damper and push & slide locking system

FUNCTIONALITY AND FLEXIBILITY

Available in 3, 2x3, 4 and 2x4 modules for custom configuration or ready assembled with low and high current functions

ESSENTIAL FUNCTIONS WITHIN EASY REACH
2P+E, RJ 45 and USB sockets to meet the connection needs of mobile users quickly and easily

CLEVER CABLE MANAGEMENT
Versions available with reels equipped with retractable RJ 45 and USB cables

MODERN FINISHES
White, black or stainless steel finishing plates to match any office environment

DESKTOP MODULES

06|07

Available ready to use or as a customisable solution, our multi-outlet desktop extensions provide a high degree of flexibility and ease of use for both mobile and deskbased users.

With their modern design and compact size, they can adapt to any furniture configuration and are easily installed on the desks to carry power as close to the user as possible without having to drill through the furniture.

DIVERSE FUNCTIONALITY
Mix of high and low current functions
(available in different installation standards)

FLEXIBILITY OF CUSTOMISABLE SOLUTIONS
 Desktop extension modules can support different standards for power sockets or innovative functions like the USB charger, the lighting module or the micro-USB dock

DISCREET CURRENT DISTRIBUTION
 Under desk office module can be used as a standalone socket outlet or as an intermediary for multi-outlet desktop extensions

COMPACT SIZE
 A new design combining ergonomics, modern aesthetics and optimised dimensions

MEETING ROOM MULTI-OUTLET EXTENSIONS

08|09

A turnkey solution perfectly suited to the specific connection needs of mobile users in meeting rooms. Users have a choice of high and low current connections, as well as audio and video points, for connecting dedicated equipment.

MODERN DESIGN

Ergonomic shape allowing users to connect from both sides

DEDICATED MEETING ROOM FUNCTIONS

HD 15 socket and jack for sound system and video projection via ceiling-mounted projector

FLUSH-MOUNTING OFFICE MODULES

10|11

Flush-mounting office modules can be installed unobtrusively in any office furniture and configured according to the needs of the user.

This integrated solution provides all high and low current connections within easy reach ensuring maximum user comfort.

CUSTOMISABLE FUNCTIONS
Modular functions can be adapted to suit requirements

HIGH-QUALITY FINISH
A neat and attractive solution which integrates discreetly into the surrounding decor
